## PROJECTS

### Service Provider Platform

Jun 2025

- Developed a hyper-local marketplace featuring a Razorpay-integrated payment gateway with automated refund logic, supporting tiered cancellation policies and secure transaction verification using HMAC SHA256 signatures.
- Engineered scalable RESTful APIs for geolocation-based matching and role-based dashboards, utilizing PostgreSQL ENUMs and B-Tree Indexes to optimize query performance by 30%.
- Architected a Digital Handshake and Identity system integrating Google OAuth 2.0 and 4-digit OTP verification to secure user sessions, validate service completion, and automate provider payouts and their reliability scoring.

### AI-Powered Dementia Care Assistant

Aug 2025

- Engineered a voice-first Flutter application integrating Google Cloud Speech APIs and Gemini Generative AI to process natural language commands with <2 second latency.
- Implemented core healthcare modules for medication scheduling and memory journaling, ensuring reliable coordination and data persistence.
- Designed an elderly-friendly UX with high-contrast interfaces and continuous voice-feedback loops to maximize accessibility for non-technical users.

### Movie Discovery and Recommendation System

Oct 2024

- Constructed a dynamic movie discovery platform indexing 10,000+ titles, featuring advanced search and implementing client-side caching to minimize redundant API calls.
- Formulated a content-based filtering algorithm that analyses metadata and watch history to generate personalized suggestion lists.
- Validated API integrations using Postman and enhanced application usability through genre-based browsing and trending dashboards, resulting in a 30% improvement in navigation speed.

## LEADERSHIP AND ACTIVITIES

### Google Developers Club

Bhopal

#### Core Member

Dec 2024 – July 2025

- Organized and led a Web Development and AI/ML workshop for 50+ students.
- Developed RESTful APIs for a women's wellness platform, streamlining data flow.
- Authored a technical article titled "Agentic AI: Shaping a Future of Autonomous Intelligence" published on GDG VIT Bhopal's Medium, garnering significant engagement.
