Education

VIT Bhopal University

Bachelor of Technology in Computer Science and Engineering | CGPA: 8.53/10

Bhopal

Sep. 2023 – May 2027

Dr. Virendra Swarup Education Centre

Class XII (ISC) | 91.5%

Kanpur

2023

Projects

TaskGenie: Hyper-Local Service Marketplace | React, Node.js, PostgreSQL, OAuth

Jan 2026

- Built a production-ready service marketplace with booking, scheduling, payments, and provider management workflows.
- Developed location-based matching APIs and optimized PostgreSQL performance through indexing and efficient schema design.
- Implemented secure authentication using JWT, Google OAuth 2.0, OTP verification, and role-based access control.
- Integrated Razorpay payments with HMAC-SHA256 webhook validation and automated workflows for refunds, cancellations, and provider payouts.

Companion: AI-Powered Dementia Care Assistant | Flutter, LangChain, AI/ML

Sept 2025

- Developed a multilingual AI assistant that manages reminders, memory retrieval, emergency alerts, and conversational support.
- Implemented intent classification and context-aware conversations using LangChain for accurate routing of user requests.
- Built safety features including fall detection, SOS alerts, GPS location sharing, and caregiver notifications.

CineBuzz: Movie Discovery & Recommendation Engine | React, Node.js, REST APIs

Oct 2024

- Built a full-stack movie platform supporting authentication, reviews, ratings, watchlists, search, and personalized recommendations across 10,000+ titles.
- Developed RESTful APIs and integrated external movie datasets to power advanced filtering, content discovery, and user-specific experiences.
- Designed a content-based recommendation system using movie metadata and user preferences while optimizing API interactions through caching and efficient data fetching.

Technical Skills

Languages: Java, JavaScript, Python, SQL

Technologies: React, Next.js, Flutter, Node.js, Express.js, Flask, PostgreSQL, MongoDB, Firebase

Cloud & Tools: AWS (EC2, S3, Lambda, IAM, VPC, CloudWatch), Git, GitHub Actions, Docker, Vercel

Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Professional Skills: Problem Solving, Teamwork, Technical Communication, Leadership

Certifications

AWS Certified Cloud Practitioner – Amazon Web Services

The Bits and Bytes of Computer Networking – Google (Coursera)

Introduction to Machine Learning – NPTEL

Leadership & Activities

Google Developers Club

Core Member

Bhopal, India

Dec 2024 – Jul 2025

- Conducted 5+ workshops impacting 50+ students in AI/ML and Web Development.
- Collaborated with a team of 10+ members to organize technical events and hackathons.
- Developed RESTful APIs for a women's wellness platform, streamlining data flow.
- Authored the article "Agentic AI: Shaping a Future of Autonomous Intelligence" published on GDG VIT Bhopal's Medium platform.
